Windows Update failed to install a security update for Microsoft Windows Windows Update failed to install a security update for Microsoft Windows XP Microsoft Windows FAQ: Windows 2000, Windows ME, Windows XP, and Windows Vista. If you need to get help, you can contact the Microsoft Customer .Q: How to use the Devise controllers only in a certain module? I have a modules called ClientView. In that module there is a controller called DefaultController. In the controller I have the following code: module ClientView class DefaultController { :sessions, :registrations, :passwords } devise_for :customers, :controllers => { :sessions, :registrations, :passwords } # app/controllers/customers/sessions_controller.rb class Customers::SessionsController [:create, :new] private def redirect_to_customers
